## ACADEMY PROGRAMS & LEAGUES

Our Development Academies and Leagues are specifically designed to allow every player to focus on their personal skill development, all while they are being supported, challenged and encouraged by our highly qualified Soccer Coaches.

## WHY CHOOSE US?

If you have limited volunteer support, UK International Soccer can design & run a full spring soccer program, offering practices and games. The program will include:

- Turnkey set-up & scheduling
- Professional staff
- Registration management
- Fun, safe & challenging environment
- Hassle free for your organization

If you have an existing season in place, UK International Soccer can support you by running an additional Development Academy to provide even more soccer opportunities for your players and coaches.

All of our Academy & League programs are designed to best support and enhance the soccer philosophies of your organization.
