## COACH DEVELOPMENT

UK International Soccer provides professional Soccer Coaches to work with your organization's volunteers. We support them in their continued education, through our availability as both an on-field and off-field resource. As a result, we will enhance the overall levels of your coaches performance, as well as the experience of the players they are working with.

**Coach Development** services can include:

- 🏆 **Coach Mentoring and Team Training** - allowing your Coaches to discuss the session aims and objectives with us, as we then assist in the sessions to provide new knowledge, tactical understanding and developmental progressions.
- 🏆 **Dedicated, age-specific Coach Clinics** - with the aim of your volunteer coaches leaving the clinics with a greater understanding of the different ways to run, manage and progress their coaching practices.
- 🏆 **Coach Development** options are available during all soccer seasons, and will be created to best suit the needs and requirements of your organization.
